# Patient and Public Involvement – Quarterly Report: Quarter 1: April to June 2018

Area of work	Participants	Methods used	Recruitment	Purpose	Impact
Engagement on the One Croydon I statements (continuation)  (To ensure that the current I statements are applicable to a whole population approach)	In the previous quarter the following populations were focused upon:  - Mental health service users - Children and young people - Parents and carers of young children  In this quarter a survey was developed. The survey went live at the end of the quarter (29 June – participant demographics	In this quarter a survey is running targeting CVS partners and other stakeholders  https://www.surveymonkey.co.uk/r/OneCroydonAmbitions	Local Authority commissioners  Public Health Commissioners  Community and Voluntary sector organisations and forums  Healthwatch Croydon	To test the revised I statements for the whole population.	This work is currently ongoing and focuses on ensuring the current I statements are meaningful to Croydon residents, they will also lead to outcomes to support the ambitions.  Survey respondents are being asked to state what the ambitions meant to them which will lead to the development of outcomes to support the ambitions.
General Data Protection Regulations (GDPR)  (Compliance and Governance)	Not applicable	Cleanse of all databases (electronic and paper based) and opt-in communication for all current contacts	Not applicable	To ensure that the communication and engagement functions of the CCG are fully compliant with GDPR	A significant number of previous contacts did not take the opportunity to opt-in to maintain contact with the CCG.  The communication and engagement function of the CCG is now GDPR compliant and measures have been put in place to ensure future compliance.

Patient Participation Awareness Week  The PPE team supported Patient Participation awareness week 2018 by attending:  An osteoarthritis and rheumatology event in Selsdon set up by the Croydon PPG Network co-ordinator at which over 80 people took part in an afternoon of information sharing an physical activity  A diabetes event awareness event with JustBe/Diabetes UK. This included working with participants to complete the South-West London diabetes survey. Approximately 25 people from BAME communities attended.  A visit to Croydon College to talk to students as part of the enrichment programme, about opportunities to be	Public events	CCG Health Network database  PPG Networks  Community and Voluntary sector organisations and forums  Patient forums and patient reps	To raise awareness of opportunities for people to become more involved in supporting their Practices PPG's  To promote health improvement opportunities to local people	As a result of the activity during the week the following actions have been undertaken:  - Three Croydon College students have expressed an interest in volunteering with the CCG - A follow up meeting has been held with the student welfare lead at Croydon College. This has led to the agreement for the PPE to visit the college monthly as part of the enrichment programme – see later entry below - The rheumatology department at Croydon University Hospital have agreed to hold further community based events throughout the year based on the success of the event. The Croydon PPG Network coordinator will take this work forward with the PPE team supporting when requested.

Procurement training for patient representatives - MSK  Planned Care transformation programme  (Dermatology re-set Anti-coagulation market event Joint Impact	involved within their GP Practices  14 PPG's were provided with promotional materials to run events/raise awareness throughout the week  2 x patient representatives who will be on the evaluation panel for the MSK procurement (June/July 2018)  5 x patient representatives  3 x anti-coagulation representatives  2 x digestive disease patient representatives	Training session with senior commissioner and procurement expert from SBS  5 x patient representatives have met with the current commissioning lead for dermatology	MSK working group patient representatives  CCG Patient representatives	To support the CCG with the MSK procurement taking place during quarter 2.  The patient representatives are supporting the transformation of planned care services.	Patient representatives are able to access and use online procurement portal system required to take part in the procurement.  This work is a continuation from previous quarters. At the end of the MSK procurement (July) and evaluation meeting will be held with the patient representatives to reflect on their experiences and lessons learnt.
Joint Impact Assessment Review Digestive Disease pathway review)	patient representatives				lessons learnt.
Croydon College – LGBT Group	6 college students	Meeting with the group to discuss Talking Therapies services	Croydon College	To raise awareness about the Talking Therapy (IAPT) service and the support it can offer	The initial meeting identified that insomnia was a problem for some of the group members. A follow up sleep workshop was held with a Therapist from IAPT with the students.
Primary Care Estates & Transformation	Currently this work is largely in the pre-	Currently meetings with Coulsdon	Residents Associations	To work with the CCG and partners	Coulsdon - Representatives from the Coulsdon Residents

<ul> <li>New Addington</li> <li>Coulsdon</li> <li>East Croydon</li> </ul>	engagement planning stage.  Meetings have been held with representatives from the Coulsdon Residents Associations.	Residents Associations.		to identify local needs around health and social care and develop plans to better meet those needs.	Association have been supporting the CCG to develop the plans for a new Primary Care facility on the old CALAIT site. The plans are at very early stage and the intention is that as the plans develop the PPE team will work closely with the residents to broaden the engagement.  New Addington – Croydon Council are developing plans for a Healthy Living hub in New Addington which will house health, leisure and local authority services and focus on prevention and wellbeing.  A two week period in early September has been identified to undertake targeted engagement across New Addington.  The CCG Engagement team will support this work and use the opportunity to engage around the Croydon transformation programme.
IAPT service – promotion and re-	4 x focus groups at:  Croydon College	Focus groups	Through partner organisations	To develop new branding for the IAPT service	The focus groups came up with a number of alternative names and strap lines to

naming focused work	Aski Healthwatch Croydon BME Forum  Approximately 25 people took part across the four organisations.			improve the resonance of the service with Croydon residents	better describe the service. The name put forward to SLAM was Talking Therapies.  The Participants also felt that the existing promotional materials were too service centric and not structured in a way that fully explained the service or who could/should be accessing it.
					As a result several changes have been made to the leaflet and SLAM are currently redesigning the branding and leaflet to reflect some of the recommendations made by the focus groups.
South West London Children & Young People Self-harm project	Survey: Children & Young People x 28  Parents/Carers x 32  Focus Group: 9 x Female 5 x aged 14-18 2 x aged 19-25 2 x age 26+	Survey (promoted on behalf of South West London Health and Care Partnership)  Focus group with Croydon Drop-in young women's group	Through partner organisations e.g. Croydon Council, Healthwatch Croydon  Through Community and Voluntary Sector partners e.g. Croydon Drop-in, Off the Record	To help prioritise the actions for the SWLHCP C&YP Mental Health work stream	SWL PPE Team and commissioners had previously held two workshops and conducted outreach work with children and young people to consider the root causes of self-harm and identify a long list of potential solutions.  The long list of solutions was narrowed down, using agreed prioritisation criteria, to a short list.

Children and Young People schools programme	1 x Black British 3 x Mixed 3 x White British  Worsley primary school – New Addington  Pupils (aged 7-12) Teachers Parents	Meetings with Pupil Council NHS 70 Celebration event School Fete	Through direct contact with the school	Outreach Information sharing	The CCG PPE Team then worked with local children and young people to test this short list of solutions/ideas.  The SWL PPE team are now working with commissioners at a SWL level to analyse the findings. Further engagement will take place on this work locally.  Worsley Primary School have expressed an interest in the work of the CCG and how children and young people can support their families around healthy lifestyles and self-care.
					To date the PPE Team have worked with the school around the NHS 70 celebrations and have spoken to the Pupil Council about developing a local children and young people's Patient Participation Group.  This work will be developed over the coming year.
